FARM BUREAU SCHEDULE CEN-TEXAS MEETINGS

A series of 23 Farm Bureau district meetings will be held in Texas September 29 through October 14, it has been announced by J. Walter Hammond, president of the state organization.

In order that more farmers will be able to attend and take part in the discussions, two meetings have been scheduled for the District 8 area. One will be held in the Roosevelt Hotel at Waco on Friday, October 10, the other will be held in the County Court Room at Georgetown on Saturday, October 11. The meetings will start at 10:00 a. m. and Frank Taylor of Waco state director, will preside.

The Texas Farm Bureau will attempt to get a cross-section on the thinking of farmers with reference to continuation of the national farm program, which is in jeopardy at this time, a farm-to-market road plan, and many other critical issues. "Unless farmers make a determined fight for the retention of the farm program, it will be discontinued after 1948," President Hammond warns.

WESTERN AUTO STORE TO HAVE NEW HOME SOON

A change in the location of the Western Auto Associate Store will be made on October 19, the firm moving from its present location to the building formerly occupied by the A. & R. Sales Company, next door to the Milam Theatre.

Major repairs to the new location are now being made, and it is the aim of Harry Haraway, owner of the Western Auto Associate Store, to install one of the most modern auto supply stores in this part of the state.

Principal features of the new store, in addition to a greatly enlarged sales floor will be a drive-in service department which will be accessible from the alley in the rear of the building. "Lack of such an entrance has always prevented us from giving the type of service which the public normally expects of an Auto Supply Store," said Mr. Haraway recently. "In the new location we will be able to install, tires, batteries, seat covers and other accessories".

"Mr. Nathan Reynolds of Cameron, formerly a service manager with the Western Auto Stores in Houston will be in charge of this department, and I consider him an expert in this type of work".

Renovation of the building will consist of refinishing the inside and construction of a new front to replace the present old fashioned design. Large sliding doors will be installed in the rear to permit entrance of cars.

Mr. Haraway asks his friends and patrons to watch the columns of this paper for further announcements on the move.

CITY TAXES NOW DUE

COLLECTIONS TO BEGIN WEDNESDAY OCTOBER 1

City Taxes are due and on Wednesday, October 1 W. H. Stafford, city tax collector, will begin his collections on the current roll.

Mr. Stafford completed his book work some days ago and when the window opens at the city offices on Wednesday he will be in position to issue receipts. Officially taxes are collected from October 1 to January 31. After that date penalties accrue.

The city four years ago discontinued giving discounts on payment of taxes in October, or at any other time. Despite this change in policy which over a period of years cost the city heavily, taxes should be paid early.

A number of tax payers were awaiting the opening of the season Wednesday and hoped to be Number One.

The city is now put to the necessity of borrowing money to pay the running expense of the government and if the people who owe taxes will pay the necessity to borrow will no longer exist.

Since taxes must be paid within the next 120 days property owners can help their government by going early and paying.

Pension Checks Will Reach \$30 Average; First Time In History

AUSTIN, Sept. 29—Texas old aged assistance checks next month for the first time in the history of the state, were scheduled to pass the \$30 average.

The State Department of Public Welfare announced October grants will average \$30.04, compared to September's \$29.98, boosting the state's old age assistance to an all-time high outlay of \$5,945,952 to be distributed to 197,924 eligible aged.

A cut in aid to dependent children was made necessary by insufficient funds, the Welfare Department said. Average payment dropped from September's \$40.59 to \$40.47 in October.

Average grants of \$33.48 were made to 5,461 needy blind, up from last month's average of \$33.33.

Exact payments to recipients under all three programs varied from the average, some more and some less, on the basis of need.

All assistance rolls showed net gains in number of recipients. Old age assistance rolls gained 785. Aid to dependent children went to 15,443 families representing 38,790 children. Assistance checks to the blind climbed from 5,428 to 5,461.

All GI Electric Shop In Cameron; 4 Service Men Teamed Up Here

Cameron has an electrical shop and radio business that features a personnel 700 per cent GI.

It is the Gerick & Kretschmar electrical and radio business. All of the men at the shop are former service men. They are Paul Steele, Alfred (Pat) Gerick, Joe Gerick, Jr. and A. A. Kretschmar.

Joe Gerick and Kretschmar were in the navy and they own the firm. These ex-service men are doing a good job in this business. They contract and do electrical work of all kinds and have a radio repair shop. They sell Crosley line of appliances and radios as well as other well known brands of merchandise.

GI's who stuck together in combat are finding it easy and profitable to team up in business. Cameron congratulates the all GI firm.

Cameron Will Aid In Battleship Texas Fund

Cameron will have a share in the plans to return the Battleship Texas to Texas.

The Cameron Rotary Club on Wednesday voted to contribute \$20 and Stanley Swift, chairman of a special committee will seek other contributions. With him is W. C. Wallace and Henry Siebman.

Contributions may be handed in at the Herald, Texas Power & Light Company and the Swift Theatres.

The fund, recently inaugurated in Texas should appeal to everyone and contributions in any amount will be most welcome.

1 DEAD; 6 HURT IN WRECK

THOMAS L. KIRK DEAD FROM CRASH INJURIES

One is dead and 6 other persons injured as the result of a head-on collision of two automobiles on Highway 36 east of Cameron around 7:30 p. m. Saturday.

Thomas L. Kirk, 31, of Houston, died in Newton Memorial Hospital, shortly after he had sustained head and chest injuries in the crash.

The injured are: Mrs. Gladys Kirk, wife of the deceased; Ray Kirk, brother of deceased; Mack Biggers and wife Ernestine Biggers and their two children all negroes.

According to information the machine driven by Kirk was going east leaving the city and the car driven by Biggers was entering town. Biggers made a statement to officers following a hearing on Sunday morning and said that he had pulled his car far to the right while the other machine was bearing left. Debris from the wrecked cars indicated the cars collided off center of the highway. Biggers said that when he saw the other car was going into the ditch on the left side he attempted to swerve out of the way and was crashed.

Officers arrived at the scene of the wreck shortly after the crash occurred and assisted in getting the injured to hospitals.

Thomas L. Kirk, died shortly after reaching the hospital. His wife, Mrs. Gladys Kirk is still in Newton Memorial Hospital. Ray Kirk was also taken to the hospital but was found to be uninjured except for a few bruises.

Mack Biggers, driver of the other car sustained severe chest bruises but his wife is still in St. Edwards Hospital with fractured ribs and a bad leg cut. Their children escaped with minor injuries.

According to hospital authorities Kirk died from chest and head injuries.

When officers arrived at the scene of the wreck Kirk was found some distance from the car in which he was riding.

Both machines were badly demolished. The Kirk car was a Model-A Ford and the Biggers car was a Ford V-8.

The community of South Elm is preparing for a great experience on Sunday, October 5. On that day they will dedicate the new church.

There will be congregational singing during most of the day and all singers have a special invitation.

Rev. L. L. Morris, pastor of the First Baptist Church in Cameron will deliver the dedication sermon at 3 o'clock in the afternoon.

A special feature of the program will be the reading of the history of the church and all ministers who have pastored this church are invited. The public is cordially invited.

A basket dinner will be served.

50 BLAZES ENDANGERS TIMBER IN 3 COUNTIES

Fifty forest fires were raging at noon and out of control in Liberty and adjoining counties, it was disclosed in a special broadcast.

The Texas Forest Service was mobilizing all available equipment and asking for volunteers to combat the flames, said already to have destroyed some 10 thousand acres in three counties.

Governor Jester in Austin said that he was waiting momentarily for a call from the Forest Service and that if a state of emergency were needed it might be declared, certainly every thing possible will be done to stop the spread of the fires.

Sam Houston National Forest, one of two national forests in Texas, was being directly threatened.

Texas Rangers were investigating reports that the fires were deliberately set. It was said that information already in hand proves the fires of incendiary origin.

DAILY HERALD SPOTLIGHTED

YOEMEN OPEN SEASON

GEORGETOWN EAGLES WILL BE HERE FRIDAY

The Yoemen will open their conference play here Friday night against Georgetown.

The team is in excellent condition and coach Jackson said that for the first time this season he expected that all his men would be ready to go.

Bob Holloway who was out of the Brenham game with a bad leg was coming along fine Monday and is expected to be in the game Friday night against the Eagles. T. J. O'Neill who saw only a few minutes of play in the Brenham game was doing better and his leg injury may not keep him out of the conference opener.

Cameron has twice defeated and once tied Georgetown in the last 3 years. The Yoemen have not been beaten by the Eagles in 3 years and in fact few times in their long schedule in conference play, have the Yoemen lost to Georgetown.

On last Friday night the Eagles lost to Killen 6 to 0 although the percentages were in favor of Georgetown. Killen is now leading the conference.

While Cameron is favored to win the Eagles have a strong team and may give the local boys some trouble. Overconfidence may have cost the Yoemen two touchdowns in the Brenham game and may do the same Friday night. It is going to be a down to earth game and the winner is going to have to turn on the heat.

Here is the probable starting lineup for both clubs:

DICK WARDLAW TAKES FIRST AT TEMPLE SHOW

Dick Wardlaw, young farmer who took one of the gilts purchased by the Chamber of Commerce last spring won first place in the Temple show on Thursday in the breeder class.

The gilts have been under the supervision of Bill Arthur, former vocational agriculture teacher here and now active as a director in the Chamber of Commerce.

Dick was quite proud of his achievement and business men here are congratulating him.

The only regrettable circumstance is that Cameron cannot have a live stock show. Building other communities is not exactly our way of looking at community progress.

Mr. and Mrs. Ernest Elliot and son Bobby visited in the home of Mr. and Mrs. R. L. Tucker Sunday.

23 CHURCHES TO SEND DELEGATES TO CAMERON

A world-wide program of relief and evangelism in which each Baptist church in Texas will be asked to participate will be described at the annual meeting of the Milam Association in the First Baptist Church of Cameron Wednesday, October 8.

Representatives from 23 Baptist churches in this area will report on the progress of their various organizations and departments during the past year and make plans for the coming months.

Speaking for the Texas Baptist Mission Board, Dr. David M. Gardner, editor of the Baptist Standard, will stress the importance of every church member's sharing in the world relief program soon to be outlined by the Executive Committee of the Baptist World Alliance.

UNIQUE IN JOURNALISM SAYS NOTED WRITER

"The Midget", Cameron's daily newspaper, has scored a high mark in commanding attention over Texas.

Wick Fowler, staff writer for the Dallas News, in a special article published Thursday, rates the little daily as unique in American journalism. While his article is something of a terse appraisal of the vigorous editorial policy of the little paper, he makes out a case for its attainments.

The publisher, he says, has put a few shin plasters on the community, but may get his ears pinned back any time.

Saturday a special request came from the Texas Press Messenger, a newspaperman's magazine, requesting photos so the story can be reproduced in a coming issue.

The Daily Herald has intrigued publishers since it was established in June 1939. It is unique because it is the type of daily paper that meets the needs of a small town, yet keeps out of the economic graveyard, says Fowler. The Daily Herald has not only justified the hopes of its founder and publisher in giving the community a new and needed type of newspaper service, it has been a financial success in every sense of the word.

The popularity of the little daily, says Fowler, lies in its frank presentation of news as well as its vigorous editorial policy.

YANKS FAVORED OVER BROOKLYN DODGERS

NEW YORK, Sept. 28 — A new World Series record for attendance at a single game is certain to be set when the New York Yankees and Brooklyn Dodgers, deadly interborough rivals, clash Tuesday in the opening battle of the 1947 play-off at Yankee stadium.

It is expected that around 72,000 paying fans will be jammed into the big Bronx arena—7,000 of them standing—when the first strike is whizzed across at 1:30 (EST). They will have paid close to \$300,000, another record, for the privilege.

Every one of 52,975 reserved and box seats for the opener long since have been sold, and each of the 7,000 standers has contributed \$4 in advance. Only 12,000 bleacher seats remain to go on sale at 8 a. m. the day of the game.

The present one-game record of 69,990 paid admissions was set at the stadium in the '43 series between the Yankees and the St. Louis Cardinals. The single game gross receipts mark of \$269,408 was set in the '42 Series between the same two clubs.

This city's myriad hotels already were packed today with early arrivals for the classic, and it is safe to say that any pilgrim who reaches these parts within the next week without a confirmed reservation in his hands will have his troubles.

Such is the attraction of the meeting between the two "big city" rivals that probably more out-of-towners will sit in than ever witnesses a previous Series. The demand for press accommodations has been without parallel. Even Latin-America has contributed its quota.

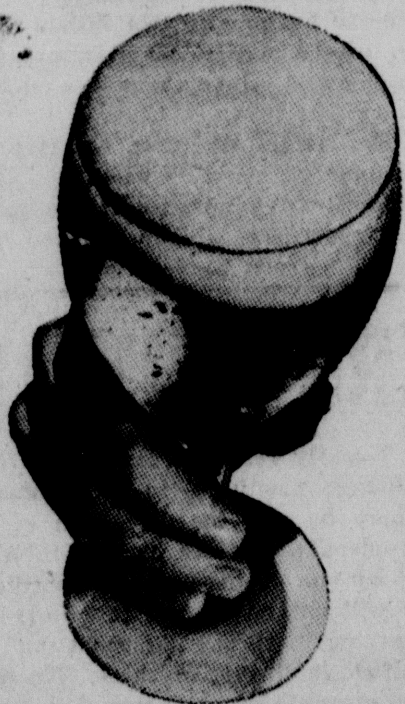

Both teams went through the motions of closing out their regular schedules in today's nippy weather, the Yanks at the stadium and the Dodgers in Boston. Neither will do more than limber up tomorrow. The Brooklyns never did officially ask permission to work out at the stadium, so each of the clubs will open the Series in equal unfamiliarity with the other's park.

Principally because of their deeper more experienced pitching, the Yanks remain firm favorites both to capture the opener and to go on and clinch their 11th world championship in 15 attempts—a record without even a close approach. Anyone wishing to bet on the American league kings had to put up \$20 to win \$9.

CHECKS DISTRIBUTED HERE TUESDAY NIGHT

By LLOYD ALBERTSON

The officers and enlisted men of Battery C, 239th Field Artillery Battalion, local unit of the National Guard, received their first pay during the weekly drill period last Tuesday evening, and Captain Rudolph Michalka, Commanding Officer, stated that a total of \$523.00 in checks was distributed to members of the organization.

He pointed out that this amount was paid to only the minimum number of men, since the battery is still being recruited and is not up to its full strength. Indications are that with full strength the battery will exceed first estimates of \$15,000 a year income, and will have a payroll comparing favorably with that of any of the industries in this area.

Pictures were taken of Capt. Michalka distributing the pay checks at the armory, and it is expected that these will be published at an early date.

Although payday was the highlight of the two hour drill period, another development was the enlistment of four men in the battery, in-

dicating that its part in the National Guard's "Operation 88,888" recruiting campaign is gaining momentum. The four new Guardsmen are: George R. Hollas, Auther W. Kamenicky, Eugene A. Michan and George J. Mueck. All of them are students. In only the second week of its two months recruiting campaign, therefore, the battery has enlisted almost half of its assigned quota. Several more enlistments are expected to be made in the next few days.

COUNCIL FAILS TO MAKE REDUCTION IN OVERHEAD

The budget for the City of Cameron was adopted Tuesday afternoon.

The Council made no reductions in overhead, nor did they cut off any of the expenses and the tax rate will be \$2.25 as usual.

One night policeman resigned and was not replaced. This will be a small saving until his successor is appointed. The council made no appointments.

As usual no tax payer in the city attended the budget meeting although the council gave notice that a public hearing, as required by law would be held on that date.

The government is now borrowing money at 6 per cent interest to pay rents, salaries, street maintenance, etc. The city began borrowing money on July 1 this year and unless collections are high in October money will have to be borrowed until January.

Bank loans to pay the running expenses of the government will have to be negotiated next spring again since the city is far behind in its general fund revenues.

The city each year has been spending \$1.10 of the tax dollar for salaries, rents, street maintenance, donations, policemen, etc., and only 40c for liquidation of the funded debt. If the council continues for another two years to keep up its present rate of money spending for non-essentials, the financial condition of the city will be the worst in years.

In 1946 according to the audit report the city collected \$107,000.00 and spent \$77,000.00. The schools received \$30,000.00 and some \$20,000 went for bonded debts. The remainder went to administrative detail and maintenance.

Mr. and Mrs. R. R. Wheller and Miss Noble Cayton of Houston are spending an extended visit with Mr. and Mrs. Freddy Lake of Cameron. They are the parents of Mrs. Lake.

COULD YOU EVER FORGET?

The way ahead seemed clear. In a moment of careless relaxation the driver swung his eyes from the road. In that same moment a ball bounced into the street — after it ran a little child. It was only a brief moment, but long enough for a lifetime of regret.

Last year more than 3,500 American children under the age of 14 were killed by automobiles, 160,000 were injured. This State, in some degree, contributed to that toll.

With school days here again, child casualties will rise unless every individual driver makes it his self-appointed responsibility to safeguard these young lives from harm.

When driving through school zones—and streets where children are at play—use extreme caution. Always be ready for split-second action, even though moving at moderate speed. Anticipate the unexpected.

There's no indemnity that can restore a human life. If, because of one careless act of yours, a child died or its young body were maimed—could you ever forget?

CAMERON 34; BRENHAM 13

HOWARD BEALE SCORES 3 TIMES FOR YOEMEN

The forward pass introduced to the game by the late Knute Rockne, coach at Notre Dame, is the greatest equalizer in football for on any given afternoon or night the underdog team can rise up and smack down the favored ones.

This and more almost happened in Brenham Friday night and for three quarters it was almost anybody's ball game despite the great overplus of percentages in favor of the Yoemen. The score was 34 to 13 in favor of Cameron and so the Yoemen under Coach Leo Jackson go marching on.

Fred Bredthauer, better known to Cameron fans as "Left Grove" threw all kinds of scares into the Yoemen and some 2000 loyalists who followed them to the game. Bredthauer is the quarter back for the Brenham Cubs. He is a left hand passer and the

game came near being a jitter bug contest as his uncanny shots found their mark time and again. He threw 22 passes and completed 13 of them for a total of 120 yards while his team was able to get only 68 yards on the ground. In the third quarter the Cubs used the Yoemen goal posts for hitching racks and the Yoemen got out of the hole by punting out to the 50 only to get in again as Bredthauer shot passes all over the field and came near tying the score.

Cameron looked powerful and commanding all the way except in the third quarter. Scoring for the evening opened up behind Howard Beale, easily the standout of the game and the dominant figure at all times on either side. Coach Jackson had no bowl worries in the third quarter but was satisfied the rest of the time that he has uncorked one of the brightest full back prospects in the history of the district in Howard Beale, 195 pound sophomore with two more years of eligibility. Brenham kicked off to Cameron and on three

plays the Yoemen were knocking at the Cub goal. Beale got in one 25 yard jaunt to put the ball in scoring position and then carried it over with Charles Riola kicking the extra point. The fans settled back in their seats for a run away but Bredthauer struck back with three passes, one for 20, one for 10 and one for 20 and then on the next play it was easy for him to find Vernon Kettler for the score. The extra point try was good and so it was all tied up.

The Yoemen ground game was never better so the defending champs of District 31-A clicked off yardage to the cub 20 and then Lawrence Michalka picked up a fumble from a play that went haywire and raced around the Cub left end to the 4 yard line before he was run out of bounds. That was heads up football. On the next play Beale cut through the Cub left tackle and was not touched. Riola did the extra job well and it was 14 to 7. It was that easy in the second quarter.

Cameron's third touchdown came in the third quarter when Joe Hawkins took a very long pass, 40 yards, from Michalka over the goal line and it was 20 to 7 as Riola failed with extra try.

At the beginning of the third quarter Cameron could not get its ground game going but Bredthauer turned on the heat again and this time the Yoemen lost another touch to the Cubs. Bredthauer late in the quarter pitched to Marvin Bosse, captain of the Brenham team, for 6 points but Jimmy O'Neill broke up the extra point try.

Cameron punted only once in the first half but in the third quarter, backed up on their goal they got out temporarily with a boot out to the 50.

Howard Beale came thundering back in the fourth as the Yoemen regained their stride. Beale carried over from the 3 after the ball had been carried down the field on ground plays. Riola kicked the extra point and then Brenham received but made little progress as the Yoemen improved on their jitterbugging to break up a lot of flying passes. In the shadow of their goal Bosse who did a fine job of punting was a trifle slow as Charlie Duncan the Cameron right guard broke through and deflected the ball. The ball shot straight to Eugene Salach who looked like a half back on the move and raced 25 yards for a touchdown. Eugene pulled the same brilliant play in the Taylor game last fall. Riola added the extra point and that was the ball game.

George Hollas, left guard turned in his usual good game. Jimmy O'Neill at center was a standout. Bob Wilkerson went in with a good account of himself as Bob Holloway sat on the sidelines with a crutch under his right arm. He had been injured in practice during the week.

T. J. O'Neill, still a bit lame, flashed at intervals, but in the main John David Moseley had the left half spot.

Cameron made 16 first downs and Brenham made 10. Cameron drew 5 penalties for a total of 45 yards while Brenham was not penalized at any time during the game. Cameron amassed a total of 246 yards on the ground with Howard Beale being robbed of a 50 yard jaunt for a touchdown in the second quarter because Cameron was offside. Cameron threw 10 passes, completed three of them, one for a touchdown, for a total of 65 yards. Brenham threw 22 passes for a total of 120 yards and made two of them count for touchdowns. Brenham completed 13 out of 22 passes. Cameron completed 3 out of 10 for a total of 65 yards and one was for a touchdown.

The Yoemen open their conference play in Cameron October 3 with Georgetown.

Girl Scouts Work Is Planned Thursday

All Brownies and Girl Scouts are invited to the party, which will be the beginning of the year's work. Workers and Scouts are looking forward to a full year of interesting activities.

Mrs. Lucille Brady of Temple visited Mrs. Emma Butts here and together they visited with relatives in Austin for the week end.

Cameron Juniors Whip Temple Bearcats Here On Thursday Night

The Cameron junior high footballers threw a heavy load on the shoulders of Emil Pfardrescher and he came through with every touchdown made for his team to down Temple's Central junior high Bearcats, 25-6.

He started the fireworks early in the game by scampering 63 yards on the first play after the kick-off for the initial counter. Phillip Ermis ran the extra point over.

Early in the second quarter, Pfardrescher ended a 78-yard drive by the Cameron club by pounding the ball over from the six for touchdown number two.

Again in the second quarter, he whipped out with a 55-yard gallop for a TD, and he chalked up another in the third canto on another 55-yard run.

The Bearcats copped their only score of the game in the third quarter when Earl Black hurled a series of six passes for the touchdown.

Charles Machalka and Wesley Braden were other standouts for the Cameron team.

Black, Frank Hill and Mac Watson looked good for the loosers in the backfield. Chato Mojica, Wayne Luckey, Billy Green and John Louis Harlan were line stars.

Mrs. M. M. Janeway has accepted a position in a Marlin Clinic and is making her home there. She likes the City of Marlin and has a number of relatives there.

CHRISTIAN SCIENCE SERVICES
"Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, October 5.

The Golden Text is: "The hills melted like wax at the presence of the Lord, at the presence of the Lord the whole earth. The heavens declare his righteousness, and all the people see his glory" (Psalms 97:5-6).

Among the citations which comprise the Lesson-Sermon is the fol-

lowing from the Bible: "Charge them that are rich in this world that they be not highminded, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy" (1 Timothy 6:17).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Nothing unspiritual can be real, harmonious, or eternal" (page 335).

CONSTRUCTION IS DOWN FOR MONTH SEPTEMBER

Building permits for the city of Cameron during the month of September were considerably below the average but continued to indicate a healthy growth with \$7649 being issued.

The city is currently making an appeal to builders and those who make repairs or move houses or buildings to first seek and obtain a permit.

Under the ordinance which was designed to keep tab on building and to better handle construction, it was intended that permits should be issued. In the main the city has had good co-operation. Whether the permits show the actual value of the construction is another question.

If the permit law was so administered that the substantial value of the buildings and repairs could be shown, the ordinance would serve as a good index for boards of equalization.

The City, despite shortage of building materials and labor, has made some progress but is far below expectations.

The permits for September are the lowest of any month during the year.

PRESIDENT OPPOSED TO EXTRA SESSION

President Truman was understood Monday to be opposed to a special session of congress unless relief for Europe depends squarely upon convening the session ahead of time.

Mr. Truman was due to hold a conference early Monday with congressional leaders but there was a delay.

It was said at noon that the president wants to allocate 750 million dollars at once for relief in view of the critical political situation in France and Italy.

He will, it was understood, propose this relief under present authority but close sources to the White House said the President would yield and call the Congress into session if no other way can be found to "save Europe."

Congress is divided but members of both major parties were in the delegation to confer with the President.

ROLL OUT THE WELCOME MAT

Yes, roll out the Welcome Mat for Folks buy where they are invited. But that isn't the story. Folks will buy where the merchandise is.

In this modern day of discriminating people, folks are just as smart as the merchant. They know values and they are buying what they want and leaving on the shelves the "junk" they do not want.

Folks read their home papers. They tell the publisher but don't always tell the merchant, but the business man who rolls out the welcome mat by advertising and inviting folks to his store will find his door mat worn threadbare in a short time. Put it to the test. There is no substitute for Newspaper Advertising.

DECISION ON SPECIAL SESSION DUE MONDAY

America is fat and wasteful while millions of earth perish for the want of food and President Truman said Thursday morning that his solution of the problem for world's starving is for the people in the United States to quit wasting food. He said that we should not eat less but stop throwing it away.

The President said he had his own personal view about an extra session of Congress and that the decision would be made Monday on

whether to convene the congress. The President is believed to hold to the view that aid to Europe can be made without an extra session.

Asked about price spirals the president said that controls of prices is up to congress. It is recalled that the president went down fighting for controls when members of his own party deserted him.

Prices have gone out of control and inflationary conditions have plagued the country for months.

The president declined to comment on whether aid to Europe might rule out tax reductions in 1948.

CITY WITHOUT WATER IS WIPED OUT THURSDAY

NEEDVILLE, Fort Bend Co.—A million-dollar fire flashed through this city of 900 persons Thursday and literally burned itself out before towns-people, armed with water buckets, could save part of their business section from devastation.

Fire-fighting equipment was summoned from near-by West Columbia Rosenberg and Gollenberg when Night Watchman Paul Wentzel discovered the fires shortly before dawn.

The town has no water system. Its inhabitants secure water from individual electric-powered wells. Bucket brigades were pressed into action as six buildings on the north side of Main Street went up in flames.

Fire Marshal Joe Dolezal estimated damage would mount to a million dollars. His unofficial damage estimate was borne out by the high prices of livestock and merchandise in the razed buildings, as well as values of the buildings themselves. The fire literally burned itself out, the fire marshal said, because of the water shortage.

Baseball Tryout Camp October 16, 17, and 18 At Coleman For Cards

The St. Louis Cardinals will conduct a try-out camp for young ball players at Hufford Field, Coleman, Thursday, Friday and Saturday, October 16-17-18. This camp, made possible by the splendid cooperation of B. A. Butler and Bob Russ of Coleman, is one of more than sixty such camps held by the Cardinals this summer. It will be open free to all players who believe they have what it takes to embark upon a career in professional baseball.

Tryouts will start at 1 o'clock Thursday and Friday afternoons, and will continue throughout the day. Saturday's workout will get under way at 10 a. m. C. A. "Runt" Marr and Fred Hawn, veteran Red Bird Scouts, and former minor league players and managers, will be in charge of the camp and put the players through their paces. The aspirants will be put through drills in running, fielding, hitting and throwing, and the pitchers will get a chance to show their wares in camp games played between teams made up of players in attendance.

Every player in camp will have an excellent opportunity to show what he can do at his particular position. Players should bring their own gloves and baseball shoes, and uniforms if they have them, as the Cardinals do not supply this type equipment for their trial camps. All players signed to contracts will be refunded all expenses incident to attending the camp.

HOW TO USE THE TELEPHONE SKILLFULLY

Even the simplest things—and telephoning is one of them—are easier and more satisfactory for the person who knows the best way to do them and then DOES them that way.

If you know the right answers to these four questions about using the telephone, you'll have a key to better telephone service.

Question: What is the best way to answer the telephone?

Answer: It's usually best to identify yourself at once. "Mr. Hopkins speaking" helps start things off right—especially if the caller may not recognize your voice. It's much better than "Hello."

Question: Can the person I'm calling hear me better if I talk loudly?

Answer: It's better to speak in a normal voice—clearly and distinctly—with your lips about a half inch from the transmitter

Question: Can I get the operator's attention faster by "jiggling" the receiver hook up and down rapidly?

Answer: No! When you move the hook too fast, it often brings in no signal at all. Move it slowly for better results.

Question: When I'm talking on a party line, how do I know if another party wants to call?

Answer: You may hear him lift the receiver. If so, the neighborly thing to do is finish your conversation as soon as convenient so he can make his call.

Billy Sanders Says He Wants to Raise Hogs; Wins Blue Ribbon

Four Cameron boys made a field day of it at Temple Wednesday with their exhibits in the hog show.

Billy Sanders says he has decided to go in for hog breeding in a big way and after his prize Poland China boar took the blue ribbon in Temple he announced he would keep him for breeding purposes at his home in east Cameron.

"I am proud of my boar and glad I won. I think I am going to like raising hogs and besides it's a good profitable business. I think I would like raising breeding stock the best and that is what I am going to do."

Billy also had a gilt in the show that won.

Edsel and Clark Burnett of Jones Prairie were among the four who exhibited and won at Temple. They had gulits in the show and Dick Wardlaw won first prize in the gilt exhibits.

Shirley Temple Star Of "Honeymoon" To Be Here Thursday

RKO Radio's sparkling 'south of the border' comedy, "Honeymoon," stars Shirley Temple, Franchot Tone and Guy Madison in laughter-packed adventures of two romantic youngsters and their efforts to get married in Mexico City, with the blundering of an American Consul to heighten their predicaments.

The picture begins a two day run on the screen of the Cameron Theatre Thursday, October 2.

Corporal Phil Vaughn (Madison) flies to the Mexican capital from his post in the Canal Zone while his fiancée, Barbara Ohmsted (Miss Temple) comes down from Minnesota to meet him for the wedding and a brief honeymoon. They miss connections, and both appeal for help to David Flanner (Tone), a career man at the American consulate.

Flanner brings them together, but unforeseen obstacles delay the wedding, and the luckless official gets himself into a jam with his own fiancée and her family as he tries to straighten things out, resulting in many hilarious situations.

Shirley has an ideal role as the flighty Barbara, and Tone is a noteworthy choice for the part of the dignified Flanner, with Madison playing his second starring role as the eager corporal. Lina Romay, featured, plays the wealthy Mexican girl engaged to Tone, and such well-known players as Gene Lockhart, Corinna Mura and Grant Mitchell also appear in featured roles.

William Keighley directed the production by Warren Duff, and Michael Kannin wrote the screen-play from Vicki Baum's original story, presented in most colorful and vivacious style.

COLLEGE BOND DEAL IS FROZEN BY COURT EDICT

AUSTIN, Sept. 26—The electorate authorized \$60,000,000 building program at the State's 14 colleges and universities today was stopped dead still—at least temporarily.

Freezing of the program's status was the effect of the 126th District Courts' order issued here yesterday which prevents certification that there is no litigation against the building program bonds authorized by the Constitutional amendment adopted at the polls in August.

Without such certification, the Attorney General's office applies a standing rule to refuse approval of bonds.

Actually, the order was a temporary injunction restraining Secretary of State Paul Brown from "tabulating, estimating or canvassing" the returns of the election until a suit filed yesterday contesting the election has been decided.

Judge Roy C. Archer said existing statutes governing court procedure in election contests made it mandatory that he issue the order even though the official canvass was made more than two weeks ago.

Nevertheless, it was a first-quarter touchdown for opponents of the building amendment in the court contest of the election.

From where I sit ... by Joe Marsh

"It's Living That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean.

We talk about farm profits, production, research, and mechanical improvements ... but isn't it true, what we really value is the life country living offers us? ... the chance to be close to our families and neighbors ... children sharing in the chores ... working with our own hands at a worthwhile job.

And country pleasures are simple: good talk at day's end, and

a glass of mellow beer with friends ... the companionship of man and wife, unruffled by distractions of the city ... the mutual tolerance of one another's tastes—in choosing a friend, or a glass of beer, or a candidate for Governor.

Mind, I'm all for material improvements. But from where I sit, the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

CONGRESSMAN POAGE HAS NARROW ESCAPE

WASHINGTON, Sept. 29—Rep. W. R. Poage of Waco narrowly missed crashing in a storm over Corsica and then had to land under emergency conditions at Nice.

Poage, who with other members of the house agriculture committee has been studying food and fuel conditions in Europe, said the party encountered terrific winds over Corsica. They learned later that the pilot had had to ascend 1000 feet and then drop 15,000 afterwards, the plane flew to Nice seeking to land. Flares from the field signaled to the party not to land because of hazardous conditions but they did so anyway.

"The pilot made an excellent landing," Poage said. The next day, the pilot discovered he did not have enough gas to get to Rome. While the Congressmen waited for him, he attempted to get to Marseilles to refuel, but could not because of weather conditions.

Congressman Poage expects to fly home from Paris reaching here Friday.

Mrs. Rosa Kemp Adams and sister, Mrs. Lucille Byrom, of Houston, accompanied by L. W. Kemp and Milton Tucker, of Houston, spent the week end here and took her brother, Demmie Kemp, to the Hill Crest Hospital at Waco, where he is a patient.

SPEAKING OF GUY MADISON

It's agreed by most of his intimate associations that Guy Madison is a lot like the GI he plays opposite Shirley Temple in "Honey-moon." In other words, he's basically a bashful country boy with that quick polish the armed services gave so many lads like him. His tastes still run to the simple things, such as hunting and fishing, go in for school athletics. Ill health when he was about eight years old was gradually overcome, and he became a fine swimmer and mountain climber.

He also developed physically due to hard work necessary to maintaining his place in a family of six children with a hard-working mother and a railroad mechanic.

Fire Prevention Week

Proclamation By The Mayor of the City of Cameron To All To Whom These Presetns Shall Come:

WHEREAS, the rising fire loss in Texas and the United States with its tremendous sacrifice of life and destruction of property has become a vital national problem affecting the welfare of all of our people; and,

WHEREAS, the loss of life resulting from fire is appalling—with an average of 465 deaths annually in Texas, and an average of 10,000 deaths annually in the United States for the past ten years; and,

WHEREAS, when there is a universal scarcity of nearly every commodity needed to feed, clothe and shelter not only our own people but the starving and war-torn world, the continued annual destruction of a half-billion dollars in irreplaceable material resources not only becomes more tragic but wholly inexcusable, and cannot continue without permanent impairment to the people of Texas and the United States, and of the world; and,

WHEREAS, it is a proven fact from the statistics on fire losses that the cause of fires, to a very large extent, can be controlled by intensive education and intelligent law enforcement; and,

WHEREAS, the safety of human lives, and the interest of sound economy, makes it the individual responsibility, and the patriotic duty of every citizen of Cameron to aid in the prevention of fires:

NOW, THEREFORE, I, A. W. McCullin, Mayor of the city of Cameron, hereby proclaim the week of October 5-11, 1947, as

FIRE PREVENTION WEEK in Cameron, and I earnestly call upon every citizen of Cameron, particularly civic, school, patriotic, municipal organizations, and all Agencies of the State, to emphasize the danger of fire and to encourage the adoption and enforcement of all fire prevention rules, regulations and laws, in an organized movement to lessen the disastrous consequences of fire.

IN TESTIMONY WHEREOF I have hereunto signed my name officially and cause the Seal of the City of Cameron to be affixed hereunto at Cameron, this the 30th day of September, A. D., 1947.
